

Kansas, 13. II. 82.

Dear Josef, I hope you have received my letter acknowledging the receipt of your generous parcel. In the light of it you will understand why I refused the acceptance of the 600 sh. from Ariton. They assured me that the return of your gift will not embarrass them at all; that this is a simple procedure. In case my letter might have gone astray I repeat my gratefulness and thoughtfulness for your kindness and thoughtfulness. I am getting some additional supplies from my niece abroad and the tremendous rise in the cost of living I can afford.

I have not heard since a long time from Harish.

I am well. All the best to you

and warmest regards

Bob
