

Dear Josef, I hope you are fairly well and still a productive economist. I am not in want of anything. It is most painful to me that my next of kin are so poorly located. As you probably know Osialyiski is now on a yearly grant in Brighton, lecturing on Kalecki, working on Kalecki etc. The IV of the six volumes of the works is with the printers. As I am late in forwarding the greetings I wish you all the best in the coming year.

What a disgusting world.  
Your country is a kind of  
an oasis.

ever yours  
Holak.
