Dear Professor Steindl,

Thank you very much for your letter of March 21-st. I have amended the "lead" into your comment on Dr. Gomulka's paper in line with your suggestion. As to the authorship of the comment, I think I was guided rather by the principle of a proverb: "Give to God what is God's, but to the Emperor what is Emperor's".

I am indeed quite well and reasonably happy with my work here. I sincerely hope the same is also true of you.

My wife joins me in sending you our best regards and wishes

Yours,
