Dear Dr. Osiatynski,

Thank you very much for sending me the  
third volume of your Kalecki edition.

I congratulate you on your successful  
work.

I participated in a meeting on the  
anniversary of Keynes in Rome where a  
book with contributions was presented.

The english version of it will be published  
by Macmillan some time later ( The  
actuality of Keynes ed. Vicarelli ).

I hope you are well and you are overcoming  
the difficulties with your further volumes.

With my best wishes

  
Yours

Josef Steindl
