

Dear Josef,

I had no trouble at all in finding your article but decided not to write the paper I had hoped to write, Not laziness, just lack of imagination and ideas.

We had 3 pleasant weeks in England, seeing old friends & former colleagues. Otherwise, there is no news. We hope to go to Sils again next summer; if we have more time, we shall probably go to the Canadian Rockies we have never seen, which are said to be very beautiful.

All our best wishes for
Christmas and the New Year
