

Simon
The structure of blips
MIT APH

Worth dimension

5 - 8 -

dehad. by.

d.h. 11.5 - 18.5 - in mat. ln

34 850

34 x 12

H. W. BLALOCK

Course Models in the Social Sciences

Circle for Admittance 10/77

We can more plausibly
with units of 1000 K

Aldine - Allocation

so that all assoc. bys are less 3
say up to 5

in ln 11.5

that means that in course dist. the
netter obtained only for values 5000

~~It will be~~

to take 5 or 6
get negative values, can be used

\$134 for 2 years + 2\$ = 36\$
