

Berrettini

(George Meier)

Industrial Econ.

And how models

gmb: Level of unemployment + growth of small forms  
wages + ambitions — F. Employed class  
baspior Unemp.

Interdisciplinary Character of Small Business problem

Factory produces not only goods but also the working class.

Marxist view:

Small firms Remnants of a past civilization

[ Internal Economics ]  
An Wendell Franklin:

Evolutionary approach

Organism, increasing specialization  
close to a community

Localised

Cutlery in Sheffield

agouti thinks he belongs to

Papish interpret the market in terms of their tone

Differentiation + Integration

Marshall:  
Why don't the big firms sell the small firms?

Why don't they get bigger?

" in size +  
" environmental reasons

Internal Economics favors the small fish

markets, fragmentation.

Franklin: Mobility (markets)

Resource: Entrepreneur,  
distributed over the whole field

pushy small men  
unexploited energies of small people
